

DECLARATION OF PAULI SEPPINEN

1. PAULI SEPPINEN, do declare and say:

1. I am a resident citizen of Finland am an employee of the assignee, Nokia Corporation, and am a first named inventor in the subject patent application, U.S. Serial No. 10/606,284 filed June 25, 2003, claiming priority from U.S. Provisional Application 60/392,732 filed June 26, 2002.
2. Regarding the subject patent application, it is based on an invention report document that was created before June 18, 2002 and was sent to the second named inventor, Aarno Pärssinen, by email on a first date before June 18, 2002 (Exhibit A, date redacted).
3. On a second date, after the first date, and still before June 18, 2002, I sent a modified version of the invention report to the assignee's Intellectual Property Rights Department indicating the new invention report (Exhibit B, date redacted, with Fig. 1 only attached to Exhibit).
4. The above mentioned email sent on the second date did not receive a formal response and so I sent a second email to another person in the Intellectual Property Rights Department (Exhibit C, date redacted).
5. I attach the first sheet of an Invention Report I signed and dated on the above-mentioned second date before June 18, 2002 which has had also the document date in the upper right hand corner redacted (Exhibit D).
6. Attached is a notice from the payroll office after June 26, 2002 with all dates redacted indicating that the invention was received on the above-mentioned second date which was before June 18, 2002 and in which the amount of the reward is also redacted (Exhibit E).
7. I received a draft patent application for review from the Intellectual Property Rights Department and sent back my comments in the time frame of June 24, 2002 to June 26, 2002.
8. The conception of the invention as evidenced by the above-described Invention Report in Exhibits A and B as well as all the events described above took place in a WTO country (Finland).

I further the claim that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that all these

statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.
